

Study / Discussion Questions – ‘Rivers of Justice in the Early Church’.

Sunday 19th September 2021.

1. Are there things happening in the early church, as described in **Acts 2:42-47** and **Acts 4:32-35** that particularly strike you?
2. In what ways is their example relevant to us today?
3. What do you think James’ description of ‘acceptable religion’ (**See James 1:27**) means?
4. Can you think of examples where churches today show favouritism towards people with more money than others?
5. How would you explain the relationship between faith & deeds?
6. Is there more we could be doing in response to God’s call to go and proclaim the Gospel and fight for justice and righteousness?
